Learning4Life

Today, we had a visit into school from the graphic designer who has been creating a new set of Learning4Life icons and animations for our school. Iker Ugarte is a designer from Spain who has been in Exeter on work experience with a local company for 3 months. Iker and Mr Jenkins shared the new images with the children and they learnt about how they were created. The children had some great questions. As a school, we want to thank Iker for all his hard work over the last few months. The new images will be used in school next half term.

School Gateway

School Gateway is going live today!!! Read the information on the back of this newsletter to find out more. Keep up to date with school and make payments online quickly and easily!

Year 1 Science

Year 1 have been doing some more super science this week. It is linked to forces. The children have been flying aeroplanes in the hall that they made themselves.

Year 6 SATs

The children in Year 6 have been sitting their end of year SATs this week. As a school, we are very proud of the hard work and effort the children have put in. The children have been calm and relaxed all week, taking it all in their stride. Yesterday, they had a class treat down at the park in the afternoon and today they have begun to look at the script for the KS2 play. There is lots of excitement around this already.

Dates

Please check the list of dates in the left hand column. There are many new ones on there to keep you updated for the rest of the school year.

Pixies Holt

This week, the Year 4 children came back from Pixie's Holt residential on Dartmoor. They had many adventures and challenges during the week as you would expect. The weather was 'just right', the activities fun and the food delicious! All staff who went along said how wonderful it was to see the children in a different environment learning, having fun and working together.
