

APRIL NEWS

Can you help?

We have been on the hunt for children's wellies that can be used at lunchtimes for wet/muddy play. If you have any, the welly storage rack will be in the KS2 playground at the end of each day and we would really appreciate any paired donations.

Do you, or someone you know, have access to tyres, scaffolding planks or pallets? Our children regularly enjoy building and making with these but following wear and tear over the year, we really need some more. If you are able to help, please speak to a member of staff.

Thank you!!

New to OPAL

Over the Easter holidays, we installed new hand and feet holds on some of our poles and around the amphitheatre. These are to support children from all classes with climbing and traversing. We have loved seeing the children exploring these and building their confidence.

Before Easter we introduced our 'Hospital Box' to the playground. This is to support the children with recognising toys that may need fixing/have become damaged and therefore dangerous. All items put in here are looked at by a member of staff and a decision made as to whether it can still be used.

Spare Clothes

In our recent newsletters, we asked you to begin to send in a spare bag of named clothes (own clothes acceptable) to live on your child's peg. This will enable us to be able to progress further with areas such as water/sand/mud kitchen.

They will be used if their school clothes become wet/very muddy. Please can these start to now be sent in to allow us to continue our OPAL progression.
