

AUTUMN NEWS

Donations

This term, we have welcomed a temporary sand pit to our playground which has been enjoyed by the children, despite the weather! We hope to make this a more permanent fixture by the end of the summer term.

The children have also been super creative this term, creating their own slides, swings, walkways and dens using our pallets, tyres and tarpaulin.

After Christmas you may feel your house is filling up with too many toys - our children will love them. Scooters, small world, construction, dressing up - we never have enough!

Remember: Think skip, Think St Thomas!

Autumn Term

This half term, we have battled through rain, wind, snow, cold, sun and everything in between but have been determined to keep our OPAL playtimes going. On our snow day, we enjoyed a magical break time playing in the snow with our friends and enjoying a rare day in Exeter!

Please continue to ensure your children have the appropriate clothing for the Spring term - the weather is very unpredictable!!

On Tuesdays, our children are loving the use of new litter pickers to keep our playground rubbish free and safe to play in.

Visitors

Due to our recent PLATINUM OPAL award in the summer, we are now being used as a focus school to share the amazing playtimes our children are enjoying. We welcomed staff from 10 other schools from as far as Cornwall and Somerset to our site this term who were impressed by what our children had the opportunity to enjoy. We will continue with these visits in the Spring term.
